

September 11, 2017

The Taylor County Board of Supervisors met in regular session with Doug Horton, Charles Ambrose, Jerry Murphy, and Auditor Bethany Murphy present.

After roll call the Board approved the agenda for today's meeting and the minutes for the last meeting.

Officer, Tyler Couch returned to review Ciba's numbers for the fiscal year that ended in June. Ciba helped in 27 drug arrests, 17 of those are because Ciba indicated on the vehicle giving officers probable cause to search. Ciba has helped take \$3150.00 worth of narcotics off the street and \$7700.00 worth of stolen property. The K9 officer has been used in 6 demonstrations; 4 of which were at the Bedford and Lenox Schools. Ciba's presence has made it safer for all officers when he is on the scene as people are more compliant when the dog is present.

Joan Gallagher and Tom Mothershead informed the Board about a grant that would make a Lucas Assist Device free to the County. The Lucas Device gives chest compressions in a consistent manner and makes care in the field safer for all involved. The Board of Health will take the lead on obtaining this grant for Taylor County.

Eldon Rike and Travis Malone were present to present the plans for Project BRS-C080(65)-60-80. Mr. Malone is the new Engineer for Ringgold County. This is the joint project between the counties to replace the bridge on the P-14 or the Blockton Road. Ambrose made a motion seconded by Murphy to approve Project BRS-C080(65)-60-80. Motion carried 3-0.

No further business came before the Board at this time and the meeting adjourned subject to call.

Attest:

Charles Ambrose, Vice-Chairman of the Board of Supervisors
Bethany Murphy, Taylor County Auditor
